All sites combined includes all malignant cancers and in-situ bladder cancer.

New cases estimated by applying age-, sex-, and race/ethnic-specific incidence rates for Texas 2004-2008, to the Texas 2012 population. Melanoma, breast and prostate cancer expected cases were estimated by applying California 2004-2008 age-, sex-, and race/ethnic-specific incidence rates to the Texas 2012 population. California rates were used for these sites due to additional case-ascertainment methods used in California, and similar race/ethnic populations.

24

Expected deaths estimated by applying age-, sex-, and race/ethnic-specific mortality rates for Texas, 2007-2008, to the Texas 2012 population.

Totals may not sum due to rounding.

Kaposi's Sarcoma
